### **2010 QB Club Activities**

The group discussed each event we held last year and we looked for ways to improve the football experience. The club decided not to hold another wrestling show. We had several discussions concerning the after game parties; it seemed according to several members that non football players were taking advantage of the situation this year.

Biggest concern the parents have was the condition of the game field. We want to have conversations with the school district to improve the condition of the field.
